POLAND	0	0	OCS/OPS/CSS	1. Keypunching of POLAND input trans-actions eliminated. Function transferred to OP/PMCD. Estimated workload loss: 1 manhour per month	Ø	Ø
	0	0	OP/PMCD	2. Keying in of POLAND input trans-actions by coding clerk via remote terminal. Estimated workload gain: 1 manhour per month	Ø	Ø
	0	0	OP/PMCD	3. Time needed to type code and verify POLAND transactions reduced by new form #3401. Estimated workload loss: 1 manhour per month	Ø	Ø

* DMC-Discussion: It is assumed that all input of POLAND transactions will take place in Chamber of Commerce building by OP/PMCD coding clerk via remote terminal. This precludes the use of DMC facilities and personnel.
